

**We are
the people...**

HGV & PSV

MTS
RECRUITMENT

“ Pertemps and MTS have been working together since May 2007, when we needed to find a specialist agency to help us fulfil a client’s need for technical staff. They have provided an excellent service. Our client has since requested to continue working with MTS’s consultants due to the relationships built and the services provided. I am very keen to continue working closely with MTS. ”

**Ray Lo, Pertemps
Recruitment Ltd**

**who find
the people
you need...**

**Welcome to MTS:
the dedicated technical
recruitment professionals
who try harder to help.
Why choose to work
with us? We think there
are lots of good reasons.**

We don't let people down. We genuinely do care. We have tremendous relationships with our clients... they know they can call us at any time of the day and we'll do our utmost for them.

Jason Ball, Managing Director, MTS

We're specialists.

Our consultants work exclusively within their sector: whether it's HGV, Building Services & Engineering Specialists, Technical & Engineering, Industrial or Broadcasting. That's all they do, 50 hours a week: talking to clients, placing contractors and continuing to build on their vast industry knowledge. So you can have total confidence that the person you're talking to understands your business.

We love our work.

We genuinely enjoy our job and we do, truly, like going the extra mile for our clients. Recruitment staff typically have a fast turnaround, but we have people who've been with us for five years or more. That continuity means you get to speak to the same person – who knows exactly what you want – every time.

We're straight-talking.

We know how it is: if you need something, you want it sorted with one phone call. And more often than not with us, it is. But we're also honest, so we'll never promise anything that we can't deliver. And if we really can't help we'll tell you, straight away.

We do things by the book.

Our contractors are rigorously checked: not only for their qualifications, but also for compliance with current employment regulations. In fact we have a dedicated member of staff whose sole responsibility is checking 'Eligibility to Work' documents, so you can rest assured that all our workers are absolutely legally compliant.

We know your business.

We're not a high street agency, we're HGV/PSV specialists – and we know our market. Our people understand the very specific qualifications and skills needed for your vacancy, and they won't try to pass you off with anything less.

We supply:

- > **HGV/PSV Fitters**
- > **Coachbuilders**
- > **Auto Electricians**
- > **Plant Fitters**
- > **Workshop Manager/Supervisors**
- > **Engineering Managers**
- > **PSV Driver/Shunter**
- > **Store Person**
- > **Administrators**

... with the right skills and experience, often at very short notice.

More candidates, better cover

Our HGV/PSV consultant has 9 years' experience in engineering recruitment and 7 years in the sector. In that time he's built up a substantial database of contractors, which enables him to match exactly the right person to the job.

Having such a large database also means that we can often rely on the same engineers who we know and trust, in order to provide consistency of skills.

This enables us to find people at short notice to cover holidays, sick leave or general skill shortages on either a temporary or permanent basis.

About MTS.

MTS was formed in 2001 by three technical recruitment professionals. From the start our aim was to provide the best client service available, and this aim is set out in our core values:

Fairness

We believe it's important to be fair at all times in our dealings with clients, job seekers, our staff and our suppliers. We think this makes us a better company to do business with.

Communication

Communication in our business is critical. No-one likes being ignored, no matter how busy you are, so we always respond to messages whoever they're from.

Determination

We aim to do our best every day, for every booking, every vacancy and every enquiry. No matter how large or small the client, we're determined to succeed in finding the right person.

Enthusiasm

Enthusiasm is the lifeblood of our business. That's why you'll always find us cheerful and enthusiastic... even when we're having a bad day!

Since then we've grown rapidly and today we have 18 staff, 90 clients and a turnover of £12m. But we're still totally client-focused - indeed we've retained many of our clients from the outset.

We're a member of REC and we have recently achieved ISO 9001 accreditation.

Our clients include:

**First Group/Centrewest
Travel London Buses
National Express
Metroline Buses
Arriva Buses
London United Busways (Transdev)
East London Buses
Stagecoach
Ryder plc
MAN Trucks and Buses
Alexander Dennis
Gap Group (Plant)
A-Plant
Sita Waste Management
The Borough Councils of Camden,
Newham, Barking, Dagenham and
Tower Hamlets**

How can we help you?

Many of our clients have worked with us for years because they trust us to find the right people, quickly, every time. We'd like to help you find the right people too!
